Speakers and Panelists

This intensive course in International Commercial Arbitration is offered over 9 days. Participants will be taught the practice of international commercial arbitration, including all major forms of arbitration and related dispute settling mechanisms such as WIPO and CIETAC. Participants will gain the ability to appear in or act as an arbitrator in such arbitrations in different contexts.

The course assumes a knowledge of law either from a law faculty or some other discipline, such as economics. This course is accredited for Post Graduate Law studies and can also be done in conjunction with the Master of Legal Studies course designed for non lawyers to obtain the desired legal background.

The course covers the fundamentals of international commercial arbitration. The lectures and workshops analyse legal concepts and issues arising during the course of an arbitration.

The course offers specialised study in Investment Treaty Arbitration, WIPO Arbitration and Maritime Arbitration. In the afternoon sessions, participants take part in practical group workshops, under the guidance of experienced arbitrators. Students will be given practical training in the conduct of an international arbitration and will discuss a range of problems which may arise in the course of conducting hypothetical international arbitrations.

There is a course dinner for students, speakers and panelists Saturday 9 October 2010.
